WORSE AND WORSE.

First Reports of Galveston Was Greatly Underestimated.

Five Thousand a Conservative Estimate of The Lives Lost.

Houston, Tex., Sept. 12.—Order has begun to take the place of chaos which has reigned in Galveston since Saturday's terrible storm, and citizens are recovering from the stupefaction of their sudden disaster. All conservative estimates have been shattered by that of Mayor Jones, of Galveston, and other prominent men, who in a statement to the associated press declare that three thousand deaths will result from the storm.

Over 100 lives were lost at other points in Texas. Ten millions of dollars, it is said, will cover Galveston's property loss, while half as much more is an estimate for the remainder of the state.

Late advices say that seven hundred human bodies have been weighted and sunk at sea—some identified, but more going to their graves unknown.

Martial law prevails now and vandalism is being brought to a sudden check. Sickening details of the work of ghouls in mutilating and robbing the dead have been received and half a hundred of these men have paid the penalty of their crimes by summary death.

The water supply is now reported as adequate, and thereby one of the worst features of the situation is eliminated, for provisions are being poured into the stricken city by carloads.

Many deaths are resulting from unavoidable neglect and the sanitary condition of the city is such that efforts are being made to clear up the mass of debris which bids fair to breed pestilence.

At noon to-day the telegraph companies are said to be swamped with press and private telegrams. Enough business is piled up in the offices to keep all wires busy for twenty-four hours, and new matter is being refused.

Several tugs should arrive here from Galveston to-day, and they will add their thousands of words of press matter and hundreds of private messages to the already congested wires.

Horrible Condition.

The horror of the Galveston situation is growing instead of diminishing. Many are suffering from food, and some are being driven to insanity by their agony. A fearful feature of the situation is the robbery and mutilation of dead bodies by ghouls. With these the military authorities are dealing summarily. Forty-three negroes arrested were court martialed and shot. One wretch had twenty-three human fingers in his pocket with rings on each. The most conservative estimates now place the number of dead at 5,000, and it is feared that this estimate is too low. The work of relief is rapidly proceeding, but heart-rending appeals are still being sent out for aid.

A Local Editor's Estimate.

Galveston, Tex., Sept. 12.—Chas. S. Diehl, General Manager of the Associated Press, Chicago:

A summary of the conditions prevailing at Galveston is more than human intellect can master. Briefly stated, the damage to property is anywhere between fifteen and twenty millions. The loss of life can not be computed. No lists could be kept, and all is simple guess work. Those thrown out to sea and buried on the ground wherever found will reach the horrible total of at least 5,000 souls.

My estimate of the loss on the island of the city of Galveston and the immediate surrounding districts is between 4,000 and 5,000 deaths. I do not make this statement in fright or excitement. The whole story will never be told, be-

cause it can not be told. The necessities of those living are total. Not a single individual escaped property loss. The property on the island is wrecked—fully one-half totally swept out of existence altogether. What our needs are can be computed by the world at large by the statement herewith submitted much better than I could possibly summarize them. The help must be immediate.—R. G. LOWE, Manager Galveston News.

Burning The Dead.

Houston, Tex., Sept. 12.—Mayor Jones estimates the total dead at Galveston at 5,000. All attempts at burying the dead has been utterly abandoned and bodies are now being disposed of in the swiftest manner possible. Scores of them were burned to-day and hundreds were taken out to sea and thrown overboard.

This morning it was found that large numbers of the bodies which had been previously thrown in the bay were washed back upon the shore.

Very little stealing was reported to-day, and there were no killings. The number of men shot down yesterday for robbing the dead proved a salutary lesson, and it is not expected that there will be any more occurrences of this sort.

Missing Soldiers Report.

The loss of life among the soldiers of the regular army stationed at the barracks on the beach proves to have been largely overestimated. The original report was that but fifteen out of the total number in the barracks on the beach had been saved. Last night and to-day they turned up singly and in squads, and at present there are but twenty-seven missing.

One soldier reached the city this morning who had been blown into the Gulf of Mexico and had floated nearly fifty miles, going and coming, on a door. Another one who showed up today declared that he owed his life to a cow. It swam with him nearly three miles. The cow then sank and the soldier swam the remainder of the way to the mainland by himself.

SAFE CRACKED.

Illinois Depot Robbed By Expert Burglars.

The safe in the Illinois Central depot, at the foot of Ninth street, was cracked by burglars about 2:30 o'clock Tuesday morning. The thieves entered the office by prizing up the ticket window with a coal pick. Once in they broke off the knob of the safe and inserted dynamite in the hole made and in this way blew open the door of the safe. The explosion was heard by several parties at a distance, but did not arouse trainmen who were sleeping in a car near by. Night watchman Mitchell discovered the burglary about 3 o'clock, upon returning from the roundhouse where he was when the entrance was made. The parties had completed their work and made good their escape in this half hour.

Only about \$50 was taken, all valuable papers being left undisturbed. A large sum of money had just been sent off by express the afternoon before, or the burglars might have made a rich haul. The burglars went out through a side door that had a thumb-bolt.

Three suspicious characters were in the city the day before, and one of them was hanging around the depot until 10 o'clock at night. No arrests have been made.

ABOUT THE WEED.

Some Sales of Good Leaf—New Crop.

There was little doing in tobacco circles this week, as most of the old crop has been sold. There were some private sales of good leaf, which ranged in price from \$8 to \$10.

Receipts are very light. The new crop has nearly all been cut and put in the barn. The new crop appears to be fairly good for the early cutting, but the late planting is damaged by worms and dry weather.

MISS RUSSELL

Chosen Queen Of the Elks Fair Carnival.

Final Arrangements Being Completed For The Big Event—The Floral Parade.

Practically all arrangements for the Elks Fair and Carnival are completed. Next week the sounds of saw and hammer will be heard at Mercer Park. A high fence will be built around the park, the grand stand will be repaired, booths will be built, the tower for the diving elks will be erected, and the park will be transformed.

The floral parade on the 27th promises to prove the most beautiful sight ever witnessed in Hopkinsville. Scores of surreys, buggies, traps and carriages will be in line and all will be gaily adorned with ribbons and flowers. Three prizes, \$20, \$10, and \$5 in gold are offered for the most artistically decorated vehicles.

Miss Bessie Russell has been elected Queen of the Carnival and will grace the position. She is one of the prettiest and most attractive of the Hopkinsville society girls. She will select three maids of honor and about ten attendants. The float which will bear these young ladies in the floral parade will be lovely beyond description.

An invitation has been extended to Gov. J. C. W. Beckham and Mr. John W. Yerkes to attend the fair. Gov. Beckham will probably accept.

The Fair and Carnival has been thoroughly advertised. Striking lithographs have been put in conspicuous places, not only all over Christian but in contiguous coun-

tries. All the newspapers throughout this region have generally pushed the big event. The attendance is certain to be enormous.

Invitations will be issued tomorrow to the ball and reception which will take place at Hotel Latham on the night of the 28th, and the society people of this section will mingle in happy intercourse. Five hundred cards will be sent out.

The industrial parade on the last day of the fair will be a big feature. Many business men are planning to have large floats.

Archille Philion, the most celebrated equilibrist in the world, has been engaged as one of the free attractions at the Elks' fair. For several seasons he has been the chief drawing card at the fairs in the big cities, and it costs the Elks about \$100 a day to have him here. On a large ball he ascends and descends a spiral tower, sixty feet high, does daring feats on a cable and finishes his act in a blaze of fireworks.

GREAT CROWDS

At Opera House This Week—Excellent Entertainments.

The Weidemanns have been playing to immense crowds every night this week and everybody is well pleased.

This company has been here before and they always give audiences full value for their money. The orchestra is a most excellent one, some choice selections are rendered each night.

The Opera House, to-night will again be well filled, it is safe to say, and on the occasion of the matinee at 2:30 to-morrow afternoon "standing room only" will be at a premium.

Louisville was one of the first cities to respond to Galveston's appeal for aid, donating \$10,000.

KENTUCKY LADIES.

Two Surely Lost and Nothing Heard From Two Others.

As reported last Tuesday two daughters of Mr. J. Ed Summers, of Cadiz, were among the Galveston victims. These were Mrs. Claude Fordtran, formerly Miss Mary Summers, and Miss Salie Summers. They were at the Fordtran home in the residence portion of the city and with hundreds of others lost their lives. The body of Miss Summers was first found in the yard or near by and later that of Mrs. Fordtran was rescued lodged in the roof of a wrecked house. Yesterday morning Col. J. O. Cooper, the uncle of the ladies, received a belated telegram from Mr. Fordtran asking if Miss Summer's body should be shipped to Cadiz. It had been several days in transit. The telegram was answered affirmatively, but it is not known whether the body was shipped or not. This was before Mrs. Fordtran's body was found and nothing was said about the disposition to be made of that.

Mrs. V. W. Crabbe, and her daughter, Mrs. Moore, were neighbors to the Fordtrons and their relatives here were in great distress of mind over their probable fate until yesterday afternoon at 3 o'clock when Mr. Geo. C. Long received a telegram from Mr. Barnes, at Hannanston saying both ladies and all other relatives were safe.

Wharton Crabbe left for Galveston Tuesday night and is probably there now.

This is a seven month's record, beginning in February and completed in August.

The record of the company in regard to profits to its investors places it far in advance of all would-be rivals. Of the first months coupons (2000) sold, on the seventh redemption in August, only 485 were left on the books, which means that over 75 per cent. have been paid off at their full redemption value. Of the second month's stock it has redeemed over 20 per cent. or more than one-fifth of it. Of the 3rd, 4th, 5th and subsequent month's stock sold, not including the special redemption of the Hopkinsville branch, an average of 18 2/3 per cent. has been redeemed. Under the action of the Directors of the Company, a special redemption was granted to the Hopkinsville Branch of The Union Finance Company, for out of the first month's stock of 1500 coupons sold in August, 500 were redeemed in August. The Company also grants to those of the Hopkinsville Branch who buy stock during the month of September a numeral of 10. So that any purchasers who holds as many as ten coupons may be sure of at least one redemption. Again the Company has already paid in the redemption of coupons in the short space of its life \$15,412. An average of over \$2,200 per month. Of the 9360 sold in Henderson and Owensboro, the Company has called in, redeemed and canceled 2984, which is nearly 32 per cent. of the total on the Home Office books, and which makes a splendid average of 426 coupons for each of the seven months.

The leading features of a good Investment Co may be enumerated as follows: 1st. The integrity & ability of the men controlling it. 2nd. The contract or plan. In regard to the first the following testimonial of Mr. B. G. Witt, of Henderson, who is cashier of the Ohio Valley Banking & Trust Co., is submitted, endorsed by such people as Wyatt Ingram, Jr., of Farmer's Bank & Trust Co.; Clay & Clay, Yeaman & Yeaman: "Henderson, Ky., June 30, 1900, Messrs. Laffoon & Langley, Madisonville, Ky., Dear Sirs: Replying to your inquiries concerning the standing of The Union Finance Company of this place and its officials, we are pleased to state very positively that its rating here in financial circles is of the best character. Its directorate is composed of some of the most conservative and successful business men in the commercial activities of our city. Their control and management assures the business public honorable and fair dealing. Respect, B. G. Witt."

With regard to the second feature, viz: "The Contract or Plan," The salient points of a good plan or contract may be stated. 1st. One which guarantees economy in its management. 2nd. One which yields the largest profits, consistent with safety. 3rd. One which most fully guards all of its investors. Touching the first point, The Union Finance is the only Company in the world which grants a redemption value on the first month. This is the highest possible guarantee to every investor of economy of management and gives every assurance that the expense of putting the business on the books will be kept at the minimum and it also secures a saving of time to the investor of from 3 to 6 months. The books of The Union Finance up to this date will show a total expense of less than 25c per coupon now on its books. Referring now to the 2nd point, The Union Finance pays a maximum value of 200 per cent for every dollar paid in. Then again the Reserve Fund of The Union Finance, that bulwark of safety to the certificate holders, there is a larger and more adequate provision made in the plan of The Union Finance than in that of any other Company in existence, for in addition to the 15 per cent of every dollar paid in, which goes immediately into the Reserve Fund. There is an additional clause which when a coupon is redeemed a dollar from the Redemption Fund may be added to the Reserve, also all fines, forfeitures and reinstatement fees belong to it, so that considering the fact that 65 per cent of every dollar, a larger Redemption Fund than is provided by most Companies, goes into the Redemption fund of this Company, it is clear to any unbiased mind that the plan of this company is more safely guarded than that of any other.

Nobody but Mother.

Mrs. J. M. King of 7902 Third avenue, kindly sends the poem asked for by several readers. She does not know the author.

I

Nobody knows of the work it makes

To keep the home together;

And nobody knows of the steps it takes—

Nobody knows but Mother.

Nobody listens to childish wiles,

Which kisses only smother;

Nobody wipes the tears that flow—

Nobody can but Mother.

Bestowed on baby brother,

And nobody knows of the tender

OLNEY

Writes a Letter Declaring For Bryan.

Wm. E. Curtis Says Republicans Are Getting A Bit Frightened Over The Election Outlook.

Chicago, Sept. 13.—Wm. E. Curtis writes to the Record from New York.

Ex-Secretary Olney of Houston, has written a letter declaring himself for the Democratic platform and advising all patriotic Democrats to vote for Bryan. Mr. Olney has been considered an expansionist; he was the strongest kind of a goldbug and voted for McKinley rather than for Palmer four years ago. Just what reasons he will give for his change has not been disclosed, but intellectually he is a very strong man and exercises a powerful influence through New England. He is general counsel for the Maine Central railroad, and has been the foremost corporation lawyer in New England, in association closely in a social and business way with the heaviest bankers and investors in that part of the country, and to other men can reach so many of the class of people who expect the country to go to the bow-wows if Bryan is elected. Therefore the effect of Mr. Olney's conversion will be greater than would follow that of any other man except Mr. Cleveland. Olney was regarded as the strongest man in the Cleveland Cabinet and the last that would expect to go over to Bryan.

Last May there was a revolution of the Cleveland cabinet here in New York—an informal and accidental affair, attended by Sir Carlisle, Mr. Olney, Mr. Morton, Mr. Wilson, Gov. Francis, Mr. Dickinson and others. At that time they were all opposed to Bryan's nomination on the ground that he was a dangerous man. Since then Mr. Olney seems to have been convinced to the contrary.

CONFEDERATE DEAD.
To Be Removed From Northern Cemeteries Next Month.

The Confederate Southern Memorial Association, with headquarters at New Orleans, has arranged to reclaim the bodies of the Southern dead now resting in Northern cemeteries, and to reinter them, either in the church yards and cemeteries of their respective states, or in a plot to be especially set aside for the purpose in the National Cemetery at Arlington, Va., directly opposite Washington.

The affiliated associations, the numerous camps of the Confederate veterans and the state chapters of the United Daughters of the Confederacy have been asked to assist in the work. The lists of all Confederate dead buried in Northern cemeteries will be published throughout the South, thus giving friends and veterans an opportunity to claim their dead. The movement is due to the action of Congress, which in the sundry civil appropriation bill, approved June 1900, provided for the disinterment of these bodies of the Southern dead and their reburial in a special section of the National Cemetery at Arlington, Va.

The date of removal is set for October, Hollywood Cemetery, in Richmond, has been placed at the disposal of the association for the reinterment of the bodies of all Confederate soldiers which are unclaimed.

Stone For Beckham.

Hon. W. J. Stone will heartily support Bryan, Beckham and the whole Democratic ticket. This fall in an interview a few days since, it was stated to a representative of this paper that he had always been a Democrat, never having voted for any ticket except the straight party ticket, but was still a Democrat and would heartily support the whole ticket, from Bryan down this fall. He favors the repeal, or radical modification of the election laws, and he thinks if either is done the Democratic ticket will easily win in Kentucky.—Crittenden Press.

STOLEN PRICELESS JEWEL, WILL GIVE EVERYTHING TO RECOVER IT

The quickest and surest way to the recovery of lost health is by the use of that radical and rational remedy, Dr. Pierce's Golden Medical Discovery. Diseases which originate in the stomach must be cured through the stomach. A host of chronic sufferers who had "doctored" for years for a diseased heart, liver or spleen, have at last used "Golden Medical Discovery" for the blood, stomach and organs of digestion and nutrition, and found a direct cure for the hitherto incurable ailments. The most convincing argument for a trial of the "Golden Medical Discovery" is that it has cured so many people "given up" by the doctors.

There is now alcohol, cocaine, opium or other narcotic in "Golden Medical Discovery." I have long felt it my duty to acknowledge to you what your "Golden Medical Discovery" and "Favorite Prescription" have done for me. I write this after the lapse of six years. I am now a healthy man. I have been able to do my work and enjoy my life. I have been able to do my work and enjoy my life. I have been able to do my work and enjoy my life.

For stomach, bowels and liver, when disordered, use Dr. Pierce's Pleasant Pellets.
